You Gotta Get Up

Professional Development Music Workshops and NEW!!! Training Sessions for Semester Two, 2009

Leonie Cecich is a Primary School Music Specialist who has a ten year old son with Down syndrome. She has written original and upbeat songs that reinforce therapy concepts set in place for early intervention by physiotherapists, occupational therapists, speech pathologists, psychologists and yoga teachers. Leonie's material is suitable for ALL children up to 8 years of age!

Songs provide visual and tactile experiences through the use of bubbles, squeeze balls, self-regulation activities, beam walking, road safety, body awareness, counting, keyword signing (Auslan based), role play, shapes, colours, beanbags, relaxation, instruments, Cued Articulation, play dough, scarves and much more!

In Semester Two, Leonie and her team are planning a series of Professional Development Music Workshops and the NEW Kids 'n' Music Training Sessions. The sessions include music from Leonie's *You Gotta Get Up* series including material from her new book *You Gotta Get Up 4*.
