Professional Development Music Workshop

Leonie and her team have designed Professional Development Music Workshops based on their experience, knowledge and passion for music and children. Based on Leonie's *You Gotta Get Up* series, the session will leave you motivated and inspired to continue educating through music.

The music workshop will provide an interactive and 'hands on' music session and will include movement, percussion playing, singing, props and laughter! All songs have a therapy focus of either occupational therapy, speech therapy, physiotherapy, yoga or kinesiology. Songs and props are used to motivate and engage young children by providing visual and tactile experiences through the use of bubbles, streamers, scarves, play dough, instruments, squeeze balls, rainbow rings, tactile rings, scrunchies, brushes, balloons, hand puppets and much more...

The workshop is designed for Music Specialists, Special Education Teachers, Early Childhood Teachers, Parents, Carers, Child Care Workers, Therapists (OT, SP, Physio)...as well as anyone else working, helping or living with young children up to eight years of age.
